

Available for adoption

“Dexter” 9-yr-old TB 15.3hh

Located at Icssoma Farm, home of Well Trained Horses, a non-profit horse rescue in Sebastopol, CA.

Our goal is to find a great life match for Dexter. To that end, we will work with potential adopters. We are looking for someone who is a great match for Dexter.

Dex is a friendly and playful barn favorite who is in need of a loving and experienced forever home. He has been ridden consistently by professionals for over 3 years and would be great for dressage or eventing. All his riders comment on how responsive he is and willing to please! He shows great enthusiasm over fences and on the trail. The Hunter/Jumper world could be a part of his future. He takes his confidence from his rider, so he is at his best with an intermediate to experienced person. Come meet him!
